

Best Practices

The college provide financial support to the students to continue their education and acquire their academic goals. The main objective of it is to benefit the students by providing fee concession so that they can continue their education and achieve their academic goals without any financial hurdles.

This practice aims to provide financial support to financially weak students and those students who excel in sports. The total of 11 students got this opportunity and the total concession amount was Rs 16500. Faculty members are also extending financial support & Books to needy students who desire to be educated.

The post-graduate students are provided practical experience by getting associated with Banks, corporates and small Industries. Its Objective is to assist banks, corporates and small Industries in their survey related to customer satisfaction and helping them to prepare their projects. The students are also getting working experience which is helpful to them in their future vocation.

An assembly is organized every day to develop ethical values in the teachers & students and encourage the common brotherhood of man.

Taking into consideration a healthy natural environment the college procures no compost and manure (Khad) for the large garden that needs constant maintenance. Natural waste (dead leaves and twigs, humus) is converted into compost in the college premises itself thereby leaving a healthier and cleaner atmosphere as well as reducing expenses which are needed to buy the manure for maintaining healthy plants.
